

Wedgefield Plantation Association

XX Issue 2, 2007

### **PRESIDENT'S LETTER**

Welcome to the month of April – this month ushers in spring and taxes. I hope you have all had a healthy and safe winter and are ready for the new season.

There are still several concerns that are taking up much of the Boards' time.

**The lawsuit with the Tiller family regarding drainage and water issues between Wraggs Ferry Road and the Black River is still ongoing.**

\*The Board has hired a water management expert from Clemson. He has familiarized himself with the situation and indicates we have a very strong case. The hearing originally scheduled for last month was postponed until the engineers for both sides have an opportunity to compare issues and concerns.

\*To quickly review the situation: the Tillers want to increase the depth of water in their pond to a level of about 4.5 feet. It is currently almost dry. At that level, the drainage pipes crossing Wraggs Ferry Road would be full all the time. This negatively impacts all the drainage on this side of the plantation. Since we did not agree with their proposal to increase the depth of the pond, they sued us for using their land as drainage for the plantation. At present there is nothing new to report. I will keep you up to date as events unfold.

**The second concern for all of us is the sale of the golf course to Reuel Wheatly and his associates.**

\*The Board is making every effort to protect the rights and interests of all plantation owners. A committee has been formed, headed by Denis Claveloux, to stay on top of these developments. We expect that the renovation of the manor house will be completed by the time this issue of the Wragg is published. I want to reassure you that we are paying a lot of attention to any and all activity that is going on. The Board fully understands the potential implications that proposed future development on the plantation may have on each of us.

**The Board also welcomes Dan Longhi back to the Board.** Dan was selected by the Board members from the list of potential candidates submitted to replace

Nolan Lundy who resigned. We had another vacancy on the Board due to the resignation of Randy Vaughn. Several plantation owners have submitted their names for consideration. At a special meeting in April, the Board selected Carol Zieske as his replacement.

**The Board is currently developing a committee to run a monthly contest that would select the best home landscaping within the plantation.** A prize and plaque would be presented each month to the winner. The contest would run April through October. More about this will be forthcoming.

**The Board Officers and Committees chairs are listed as follows:**

President	Seymour Birnbaum
Vice President	Denis Claveloux
Treasurer	Quinn Smith
Secretary	John McBride
ARC Committee	Ron Pietkewicz
Condo & Community Liaison	Denis Claveloux
Communications & Utility Liaison	Calvin Foxwell
Drainage	Calvin Foxwell
Financial	Quinn Smith
Grounds	Dan Longhi
Roads	
Water Amenities	John McBride
Legal Affairs	Sandy Gresham

**As a reminder, Board meetings this year will be at the Georgetown Presbyterian Church on Black River Road. They will be held on the second floor and will begin at 7:00pm. You are all invited to attend and questions are welcome after the meeting.**

Respectfully,  
Seymour Birnbaum

### **REAL ESTATE SIGNS**

Only two signs are allowed on a lot. One in the backyard. One in the front yard, 15 feet from the edge of the roadway.

### **WELCOME TO WEDGEFIELD**

We have the best job in the community! What could be more fun than visiting new families in Wedgefield? We load up baskets with information about the area, put in a pretty plant, and welcome some of the nicest people you'll ever meet. Let us tell you about a few of them.

Larry and Sandie McMillin, 56 William Screven, moved here at the end of the summer from Middletown, Ohio. They have 6 grown children and 10 grandchildren. Larry worked at GM for 38 years and Sandie was in retail management. Larry spends his time flying, hunting and fishing as well as remodeling numerous rental houses. Sandie loves reading, sewing, and bike riding. They are excited to be in a place where they won't see snow!

In January, Veda (who likes to be called Doodles) Woodward joined us at 38 Pool Place. She and her Maltese, Maggie came here from Garner, NC and Berea, KY. She owned an interior decorating business and was a nurse. Her youngest of three sons live in Mt. Pleasant. Doodles enjoys weaving Nantucket baskets and quilting. She also travels with Maggie in her motor home.

From Atlanta, GA, we welcome Andrea Svendsen. Just here a few weeks, she is settling into her new home at 97 Daniel Morrall Lane. Andrea also has a dog named Maggie – maybe her dog and Doodles' dog should get together! It's a bit like coming home for Andrea since she grew up in Charleston. She is a veterinary pharmaceutical sales rep and loves boating, water sports, and cooking.

We also had delightful visits with Roland and Joan Early and Amy and Derick Nesbitt who are new neighbors on Wedgefield Road. We attracted a bit of attention when we delivered a welcome basket to the Belk Store where Cheryl Leslie works. She and her husband came from Michigan and now live at 245 Jericho. We know all these new families will enjoy living in this beautiful and friendly place.

Barbara Nichols and Laura Vaughan

### **GOLF CARTS**

Too many young children are driving golf carts on plantation roads. Legal action is going to be taken. Parents will be fined, carts impounded and unlicensed drivers will receive citations and will not be able to obtain a drivers license until they are 18 years old. **Worst than all that someone is apt to get injured.**

### **SAFETY**

#### **ROADWAYS OF WEDGEFIELD PLANTATION**

Wedgefield Plantation Association has signed an agreement with the Sheriff's Department, which grants the Department jurisdiction, to come into the Plantation for the purpose of enforcing traffic laws.

#### **Motor Vehicles – (Combustible or Electric)**

All persons who operate any Motor Vehicle on the roadways of Wedgefield Plantation **MUST** have a valid operator license.

Unlicensed and unregistered Motor Vehicles, with the exception of Golf Carts and maintenance type vehicles, lawn mower, tractor, etc., are **prohibited** from being operated on Wedgefield Plantation Association roadways.

#### **GOLF CARTS**

The Wedgefield Plantation Association Board (WPA) is renewing its efforts to provide a safe and legal environment for golf cart usage on the plantation. At present, the number of golf carts is increasing, and the potential for unwanted accidents is increasing as well. The rules for using golf carts are outlined in the Policy Manual under Safety (Current Membership Manual, pages 26-27).

The Wedgefield Plantation Association shall require each property owner/s, who allows their golf cart to be driven by either himself or herself, members of his/her family or guests, to sign a waiver of liability releasing the Wedgefield Plantation Association, its Board of Directors, and land employees from any and all liability for any injury suffered by the aforementioned individuals while (1) using or being on any road or property owned by Wedgefield Plantation Association, or (2) driving, riding, or otherwise using a motorized golf cart on Wedgefield Plantation Association roads and property.

Effective immediately, all owners whose golf cart is not registered with the WPA must do so at the WPA office. The effort involves signing the waiver of liability and obtaining a numbered Wedgefield sticker, which is to be affixed to the windshield of the golf cart. Owners having more than one golf cart must register each one in the same manner. Owners, who have already signed the waiver of liability form, must obtain the numbered Wedgefield sticker at the WPA office, and affix it to their golf cart windshield.

### **SALE OF PROPERTY**

**If you buy or sell any Wedgefield property please help us out by letting the office know that a transfer has occurred. This helps keep our records up to date.**

### **STREETLIGHTS**

**If you notice any streetlight that is not functioning please note the number on the pole and the poles location. You can then call our office at 546-2718 and report the problem. We will notify Santee Electric and have the light repaired.**

**Thank you, WPA**

# BOARD & COMMITTEE REPORTS

## ARCHITECTURAL REVIEW COMMITTEE

Since the last issue of the Wragg, the ARC Committee accomplished the following:

1. Completed revising the ARC booklet according to committee members' recommendations. This booklet is in the process of being typed. Until the revision is available, the present ARC conditions will apply to new home construction and home remodeling.
2. Approved plans for a new home on Wraggs Ferry Road.
3. Approved plans for home extensions, porches, and a deck on King George and Governor Boone.
4. Approved placement and construction of 2 new sheds on Wedgefield Road and John Waties Ct.

Please be advised that the WPA Board approved the following new fees at recent meetings for new construction, effective immediately:

\* Trash Control/Damage Deposit. This fee was raised from \$750.00 to \$1000.00. It is a refundable fee upon ARC final inspection. Rationale: Better monetary protection for the property owners of Wedgefield Plantation in case of damage to roads, natural areas, drainage pipes and ditches, and plants in the plantation. Also approved were new fees for major renovations to existing properties:

\* Damage Deposit. This fee was set at \$250.00. It is also a refundable fee upon ARC final inspection. The rationale is the same as above.

\* Application and Review fee for major renovations. This fee was set at \$25.00.

\* Major Renovations are defined as those that require architectural drawings, heavy equipment entering upon our roads, and cement trucks. The fees for fences, sheds, and other small renovations with little impact to our roads will remain at the present \$10.00. These fees are not refundable.

The WPA Board also approved, at the request of the ARC, a new height restriction of 9ft for approved sheds. Rationale: it's simply tough to purchase a decent quality 7 ft shed anymore.

Once again, thanks to Jim Cavanaugh, Dan Longhi, Bill Segelken, Ed Tuttle and Scott Marlowe for all the time spent on this Committee helping me monitor all the construction going on in Wedgefield, whether major or minor. Ron Pietkewicz

## LANDING COMMITTEE

Well it's finally arrived, no not the pollen. the time we have all waited for, to enjoy our boating season. As we recommended in our last report, we hope you have now completed your trailer and boat check off and to do list.

Our gate card re-validation project is now complete and all card holders have been updated. As we previously mentioned, we will make an effort to again check card holders at various times. Please help by volunteering an hour or two. We will be making every effort to keep our "Landing" secure and safe from violators.

Also, please remember to take your trash with you and keep the 'Landing' clean.

We are exploring the feasibility of two projects.

#1 Installing another floating dock opposite the existing one. As many of you know, the very swift current that runs at the ramp is both dangerous and a hazard to both launching and haul -out. Installing an additional dock with the new type flotation used today would greatly reduce this problem by creating a void between the ramp, thus reducing the swift current.

#2 Installing several "finger" type floating docks, from the new floater.

Again, these projects are in the feasibility stages only.

We would like to welcome Carl Getmen, from John Waites to our "LANDING" committee.

Also, we hope that Gibby Gibson will continue to be our Gate "watchman", he did a really great job last year. Many thanks Gibby!!

Please consider having your vessel U.S.COAST GUARD AUXILARY INSPECTED and be proud to display the decal of approval.

You can contact me for details. If you have any constructive ideas, please contact any of our committee members. Have great and safe boating season.

For our "Landing" Committee - Ed.Wozniak

### **REMINDER TO DOG OWNERS**

**The WPA and Georgetown covenants require that dogs be leashed. Calls are coming into the office concerning dogs running unattended and barking. Please control your dog's barking, leash, and clean up after it.**

**MAIL BOXES:** We have had complaints about flyers and other things being left in the mail boxes. **This is against the law.** Please do not place anything in mail boxes unless it has a stamp on it.

## **TREASURER'S REPORT**

Approximately 98% of the 2007 assessments have been paid. Lien warnings have been issued to the delinquents.

Thanks to Carol Zieske for her extensive work with the CPA firm which handles the WPA account.

Board Members are reviewing allocations for the Association's reserve accounts. The Board's reserve goal is \$500,000.00 with current reserves at approximately \$350,000.00.

Submitted by Quinn Smith

## **DRAINAGE COMMITTEE REPORT**

The Drainage Committee has been very active the first part of this year. We have completed two of the four drainage problems at the condos. The other two have been approved and will be taken care of shortly.

We have also replaced the pipe under Wedgefield Road at Possum Trot, and are now beginning to do maintenance work on all ditches in the plantation. We will be **grading all ditches to the bottom depth of their drainage pipes**. This will be accomplished by doing the worst areas first and will be done over the next couple of years. It is important to the plantation and our roads to keep water flowing as much as possible so as not to undermine the road beds.

Submitted by Calvin Foxwell

## **CORPORATE SECRETARY'S REPORT**

The last few months again had some challenges that we accomplished. The first was to find an alternate place to have our Board meetings each month. The Georgetown Presbyterian Church came to our rescue. The new meeting place was needed because of the Manor House renovations and major improvements being done in the Georgetown Community Church. We intend to move our meetings back to the Manor House providing we can get a meeting time and space enough to conduct an open meeting. We were very happy to see the handicap entrance to the Manor House and hope there are handicap facilities also.

Another major piece of work was to replace two Board members that resigned during the last six weeks, Nolan Lundy and Randy Vaughan. We thank both for their contributions and work they did the last couple of years. The Board is required to find a replacement member to fill the vacancy within a month. Dan Longhi was elected to the first position and the second position was filled on April 13, 2000 by Carol Zieske. We had several applications for each position and thank all of these people for their interest and willingness to become a Board member.

The third great happening was for a volunteer to step forward, David Hastings, to build WPA an official web site. This will help us with communications and we

look forward to its completion for general viewing. I expect we will post things like meeting notes, major work ongoing and complete, Association news, meeting notices and so forth. We will let everyone know when it is available for use.

Please remember that your Board Members all carry a significant work load. You can contact them through the WPA Office. Carol Rogers is quick to let us know of any concerns so that we can serve everyone efficiently.

Submitted by John McBride

## **COMMUNICATIONS REPORT**

So far this year things have been fairly quiet. We have been keeping an eye on our street lights and have finally gotten the light at the corner of Wraggs Ferry and Wedgefield Village Road fixed. We will continue to work on light #20 in the condo area.

Some of our resident walkers are still walking on the wrong side of the road. Walkers should walk on the left facing traffic, so they can see on coming vehicles. Also riders should be on the right so they can flow with traffic.

Spring is here. Enjoy our beautiful Wedgefield.

Submitted by Calvin Foxwell

## **WATER AMENITIES COMMITTEE**

It seems we always have a lot of work ongoing. Ed Wozniak is reporting on the landing and marina under a separate heading. This portion of our work will concern the canal renovation. Our major accomplishment was to get the project through the Public Notice. It was put out jointly by the Charleston District, Corps of Engineers and the South Carolina Department of Health and Environmental Control. This phase of the job ended at twelve noon, April 9, 2007. We, at this time do not know of any concerns. We are ready to move forward by answering any concerns and to help make further improvements if required. A piece of work that made it easy for people to visit and see our current dikes was done by John Walton. He has done an excellent job in cutting a path around the spoil site and is maintaining the trail for future use. John, we thank you for all this work!

We are now expanding our Committee so that we can do the second job that the Board is allowing us to do. That is the raising of funds through grants, donations, etc. Our person leading this effort is J. Yvette Wijthoff-Heringa. She is now busy working on a skeleton path forward for fund raising and with the strength of her Committee, will be able to do an

outstanding job. The Members of this Canal Restoration Sub Committee include Yvette, Chair Person, and Members Jeanine Cline, Richard Burton, and Rhonda Bryant. As an advisor we also have the help of John Sasso.

Another Sub Committee is the Marina Committee, currently under the leadership of John Walton. Working with John are Karl Gettman, and Ed Wozniak. At this time their goal is to provide the Board with a straw proposal. You will hear more about this later. One of the neat things regarding this project is that we expect to build it at no cost to WPA

**The marina will have boat slips to sell to WPA members. If you are interested in purchasing a slip, let the office know. This will give us a feel for interest and better define our path forward.**

### **GROUNDS COMMITTEE**

Hello Wedgefield Plantation. I have recently taken over the Grounds Committee and it appears there is a lot of work to do. I will catch up on the work as soon as possible.

First is to have our irrigation system checked and get it watering. Have spoke to Coastal Water Works and they will be here shortly and get system up and running.

Next I went around the Plantation with the owner of AAA Tree Service. They trimmed our trees last year. The board asked AAA to come back this spring and give us information as what should be done to improve the health and looks of our oak and other valuable trees. We covered the entire plantation and I learned a lot about trees. At this time AAA is putting together a work proposal that I will present to the board.

It was a nice warm day when "the tree guy" and I went around the plantation and we stopped and spoke to fellow residents to reintroduce myself and hear some of their concerns. Litter on the plantation was mentioned and observed through out the plantation. Not all of the litter comes from outsiders. So if you could pick up any litter that you see it would be greatly appreciated. Another concern was storage of items on vacant lots. There is not much the association can do about this but if you own a vacant lot and wish to store things on the lot maybe you could keep the items off into a far corner of the lot. If you have to trim trees or bushes off the lot, take the debris off the lot. Also residents please don't dump your debris, or allow your

dog to dump his debris onto any vacant or other type lots or onto any golf course property. That is littering and is against the law. One other concern mentioned was a business person who lives on the plantation storing his business materials on association and a lot owner's property. This is against association rules. Please help out with above problems.

It is approaching the time of year to start mowing the vacant lots on the plantation. The system for accomplishing this is very simple. The plantation will mow and/or bush hog all vacant lots as the need arises, which is two or three times a year according to growth. The owners of these lots will be charged \$50.00 per mowing. If an owner wishes to do his own lot he must contact the association office and notify the secretary (843 -546-2718).

Another item to be taken care of is the planting of flowers at our entrance. I have asked for assistance with this and hope it will come. If anyone has suggestions please call the office.

As most of you know the association awards an annual contract for the maintenance work to be done on the plantation. At the last board meeting it was agreed to award a three year contract to Blakely Construction and the Amigos. The Blakely's have been doing the work for fourteen years and have done an excellent job. The contract has a retainer that Blakely will be available immediately after any storm with a lot of damage to clean up and remove debris from the plantation. The Amigos have been working for the plantation four years and have also done a good job. Look for more about storm clean up in another section of this Wragg.

Have a safe and enjoyable summer, Dan Longhi

**WRAGG CONTACT INFO:** Anyone wishing to share family news (births, weddings, graduations, promotions, helpful community info, etc.) may email your news to: [wedgefieldwragg@yahoo.com](mailto:wedgefieldwragg@yahoo.com)  
**Important: The next Wragg deadline is July 16, 2007.**

**IMPORTANT!** Georgetown County recommends that house numbers be located where they are easily seen and be a minimum of 4 inches. This will assist emergency medical and fire personnel in identifying your home in the event you need them.

**BOARD MEETINGS:** This years Board meetings will be held on the third Tuesday of each month at 7:00 pm at the Presbyterian Church on Black River Rd. You are welcome to attend, and if you would like to have an issue on the agenda please leave a written request, listing the issue, at the office. Request must be submitted one week prior to the next scheduled meeting. **ALL REGULAR MEETINGS ARE OPEN TO ALL RESIDENTS.**

## HURRICANE RECOVERY

### **Clean-up after hurricanes**

1. All owners'/residents' will be responsible for their own property.
2. In the case of a named storm (category 1, 2, 3, 4, 5) yard debris should be placed **along roadside for pickup**. Please keep debris off road and out of drain ditches.
3. Pickup of yard debris will start as soon as possible following storm.
4. Only yard debris caused by the storm such as limbs and tree trunks less than 12 inches in diameter will be picked up. Tree trunks and large limbs less than 12 inches in diameter should be cut in lengths between 10 and 15 feet if at all possible.
5. If the storm is not a named hurricane residents'/owners' will be required to remove their own debris from the plantation.
6. Tornadoes will be handled the same as a named storm.

### **Storm Plan for Wedgefield Plantation**

1. Volunteers should report to Gate House as soon after the storm as possible during Daylight hours or 7:00 AM. Pickup trucks and chain saws will be needed.
2. Wedgefield Road from Highway 701 will have to be cleared for emergency vehicles. In the plantation Wedgefield Road then Wraggs Ferry need to be cleared first and second. Spot checks will be made to ensure personal safety of all residents.

**Note:** The plantation can not afford to assume costs for removal of large trees and branches. We are just assisting to have plantation cleaned up and moving. Our aim is to remove immediate health and accident hazards. If you have large tree and branch damage contact your respective insurance companies and make appropriate claims.

*Don't you wish there were a knob on the TV to turn up the intelligence? There's one Marked "Brightness", but it doesn't work." - Gallagher*

## WOW – WOMEN OF WEDGEFIELD

The Women of Wedgefield is an organization open to all women living here. We meet the second Wednesday of the month over lunch at area restaurants. Whenever possible, we like to include a program. In the past, WOW programs have included a membership tea, a talk by a local historian, a gardening expert from Clemson Univ., tours of historic sights and trips to plantations. Each fall, we have a fundraiser for a local charity. For more information please contact one of the following:

Shirley Peterson, President (546-3870), Laura Vaughan, Vice President (520-1993), Jude Davis, Treasurer (527-2448), Janine Cline, Secretary (545-1750), Carolyn McBride (520-1853).

Interested in becoming a member or need more detail regarding upcoming events, contact one of the officers listed above.

## THE DANGERS OF CHILDREN DRIVING GOLF CARTS

**These are letters, which appeared in a recent Abigail Van Buren column, Universal Press Syndicate**

About 13 years ago, my nephew was allowed drive a golf cart at the age of 8. He fatally injured his 6-year-old stepsister. He is still traumatized by it.

My son was 6 when he drove a golf cart into a utility pole. His little body was not heavy enough to hold him to the seat of the vehicle. He was airlifted to the trauma center for the life-threatening injuries he received. I nearly lost him. Urge those parents to move the kid out of the driver's seat.

From a bewildered Grammy in Maryland: A 6-year old driving a golf cart is child endangerment, and a social worker has the right to remove that child to a foster home and ask questions later. The parents would then be under a microscope.

Because the grandparent knew about the situation and did not report it to the authorities, the grandparents would probably not be considered safe guardians, and the child would be placed with strangers until the parents finish court-ordered parenting classes.

It's a totally different climate than it was in the days when only severely neglected and abused children found their way into foster care. I speak from 17 years experience as a foster parent and 30 years as a psychiatric nurse who has seen what hoops families must jump through to get their children back once child protective services is involved.

## **EASTER EGG HUNT**

The Wedgefield Plantation Easter Egg Hunt was held on Saturday, April 7<sup>th</sup> at 10:00AM. Approximately 50 children participated in seeking out eggs for prizes. The children were divided into three categories by age. Lemonade and cookies were served after the egg hunt and prizes awarded. Every child left with a prize and more eggs than their baskets could hold. Parents, grandparents and volunteers all enjoyed watching the children who ranged in age from “just walking” to about age 12.

***SPECIAL THANKS to Rhonda Bryant and her volunteers for making this wonderful, well orchestrated event so successful. Nothing stood in their way ---not cold, cold weather or construction. They planned, shopped and kept things moving. We are fortunate to have volunteers like these in our Wedgefield Plantation Community!***

### **LETTERS TO THE WRAGG**

Letters to the Wragg will be published provided they are signed and express a legitimate point of view of interest to members. Letters pushing a particular political point of view will not be accepted. No libelous or inflammatory material shall be presented. Letters shall be no longer than one page double-spaced and not under ten-point type.

Letters to the Wragg are the opinion of the writer and do not necessarily reflect the opinion of the Wedgefield Property Association Board of Directors.

## **REMINDER**

**The next deadline for the Wragg is July 16<sup>th</sup>. Please email your information to:  
WedgefieldWragg@yahoo.com**

## **COMMUNITY SERVICES FOR YOU**

### **PAMPERED PETS**

#### ***For Wedgefield Residents Only***

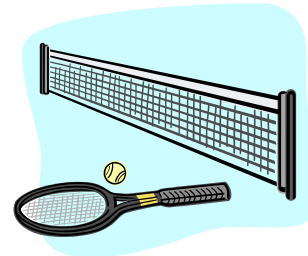

If you are going out of town and don't want to put your pet in a kennel, here's what we do:

We will come to your home, feed and walk your pet and put your mind at ease. We also offer other services such as house checking, watering plants, etc.

For more information please call Phil or Connie Lange at 546-2045.

### **PRIVATE DUTY NURSING CARE**

Wedgefield RN interested in doing home care by the hour or by the day - infants to seniors. For more information please call Carol Curtis Deutsch 904-6104.

## **TENNIS AT WEDGEFIELD**

### **ADULT**

#### **What:**

Tennis clinic-Drills and match play for adults of all skill levels

#### **Where:**

Wedgefield Plantation tennis courts

#### **When:**

Every Thursday from  
6:00-7:00 pm. Clinic will begin May 3.

#### **Cost:**

The cost is \$7 per adult for the one hour clinic. You do not need to register or pay in advance.

#### **Instructors**

Phil Meador,

Adam & Grace George

Questions: Call Phil at (843) 545-1366.

## YOUTH CLINICS

**What:**

Tennis clinic for kids in elementary and middle school

**Where:**

Wedgfield Plantation tennis courts

**When:**

Every Monday from

5:15-6:15 and

Every Thursday from

4:45-5:45.

**Cost:**

The cost is \$5 per child for the one hour clinic. You do not need to register or pay in advance.

Questions: Call Phil at (843) 545-1366.

## CAMPS

**What:**

Tennis camp for kids in elementary and middle school

**Where:**

Wedgfield Plantation tennis courts

**When:**

**Camp 1:** June 18-21

(8:30-9 am Tot Tennis Age 6 & under) (9:00-10:00 am Age 6 & up)

**Camp 2:** June 25-28 (6:00-7:00 pm)

**Camp 3:** August 9, 10, 13, 14

(10-10:30 am Tot Tennis Age 6 & under) (9:00-10:00 am Age 6 & up)

**Cost:**

The cost is \$20 per child (\$10 Tot Tennis) for the four day camp and a t-shirt. You must register in advance to receive a t-shirt during camp week. You may register the first day of the camp and receive a t-shirt after the camp ends.

**To Sign Up**

For information or to pre-register, call Phil at 545-1366, email Adam & Grace at

[adamandgrace109@yahoo.com](mailto:adamandgrace109@yahoo.com), or register at one of the tennis clinics at Wedgfield. Give us the player's name, phone number, camp dates, and t-shirt size (Youth S, M, L or Adult S, M, L, XL)

**Instructors**

Phil Meador, Adam & Grace George
